Resources

1

Read our factsheet to understanding treatment options for non-muscle-invasive bladder cancer (NMIBC).

2

Learn everything you need to know about BCG treatment, from how it works to what to expect at each stage of your journey.

3

Find a bladder cancer patient organisation in your country and connect with others who understand what you are going through.

Cystoscopy follow-up schedule

In some cases your doctor may recommend continuing your cystoscopy check-ups for longer. You can use the space below to log those dates. Always follow the treatment plan your doctor has given you.

MONTH	Cystoscopy Dates	
	42	~6 months from last Cystoscopy to the end of year 5
	48	~6 months from last Cystoscopy to the end of year 5
	54	~6 months from last Cystoscopy to the end of year 5
	60	~6 months from last Cystoscopy to the end of year 5
